

0231 Optical Module OEM

Overview

Our HPE 0231A0A7 compatible transceiver uses a high-quality FP Laser transmitter operating at 1310 nm nominal wavelength and a 1310 nm PIN Photodiode receiver. This module supports DDM/DOM optical diagnostics and provides diagnostic data about the current operating conditions. Our compatible module version is designed for. * Minimum cabling distance for LR modules is 2m, according to the IEEE 802. This product hasn't received any reviews yet. Be the first to review this product! You may return most new, unopened items within 30 days of delivery for a full refund. Each SFP transceiver module is individually tested to be used on a series of HW switches, routers, servers, network interface card (NICs) etc. A cost-effective solution that provides high bandwidth and transmission rates over short distances. 200g optical module-QSFP-DD-4 * 53GB / S PAM4 (1310NM band) -212. 5GB / S-3DBM - 14DBM-LC-SMF-40KM. 16-port Advanced XGS-PON & GPON Combo OLT Interface Board (including B+ SFP+ Optical Module).
