

3050 distribution box

Overview

The Metway TerminaLED S 3050 allows series-connected LEDs to be wired up quickly and easily, using standard 2-core cable. The innovative Y-distribution box allows the power from a single constant-current LED driver to be easily shared by many LEDs, automatically connecting them in. Deliveries within Germany take 2-3 days beginning after receipt of payment, for deliveries to invoice beginning with the shipment, for deliveries to cash on delivery beginning with receipt of order. The S. You only need two things for installation - a twin cable and terminaLED® - and then you are ready to start with the quick installation of your LED spots. Ideally suited for LED lighting in kitchens, furniture, trade show booths and many other applications. Below voltage limit of 150. Legrand AV | On-Q ENP3050NA 30 Inch Plastic Enclosure with Trim Ring and Hinged Door HelpWhere To BuyLive ChatSign InAccount HelpWhere To BuyLive ChatSign InAccount Asia Pacific Canada EMEA Mexico South America United States Corporate Legrand. Pricing and Availability on millions of electronic components from Digi-Key Electronics. Durable ABS Plastic Build: Lightweight yet sturdy construction ensures long-lasting performance while allowing seamless.
