

After-sales service for new energy distribution boxes

Overview

All original and genuine spare parts, upgrade kits and service boxes. Preventive, risk-based and predictive maintenance services to keep running the production. ABB Drives is a global technology leader serving industries, infrastructure and machine builders with world-class drives, drive systems and packages. Providing perfect power supply system for customers is CNKEEYA's mission! The company is committed to building a high-tech enterprise integrating industry and trade. The group mainly develops and produces: High and low voltage complete sets of equipment, box type substation, power transformer, box. Our AC distribution boxes are equipped with the true AC breaker and AC SPD from 220V-400V. Within a durable PC enclosure, we pre-assemble reliable AC components to reduce working time and error susceptibility, thereby improving the system operations of your end-users significantly. SMART DISTRIBUTION BOXES FOR FLEXIBLE BUILDINGS. Production of power equipment.

Article Content

Low Voltage Distribution Boxes maintenance and care

Maintain Low Voltage Distribution Boxes with regular inspection, cleaning, and preventive care to ensure safety, reliability, and longer service life.

gegis® RAN DISTRIBUTION BOXE
