

## **CIF Price for 380V Remote Power Supply Exported from the Netherlands**

### **Overview**

Final CIF Price = \$82,000 + \$2,600 + \$5,300 + \$296.67 (Note: For precision, use the formula:  $CIF = (Goods\ Cost + Domestic\ Fees + Freight) / (1 - 110\% \times Premium\ Rate)$  to avoid circular calculation. Risk Transfer & Cost. CIF is an appropriate Incoterms® rule for transport by water of bulk and general cargo. The transfer of costs and risk takes place at different times. All transport up to the agreed port of destination. Export formalities and documents. For the buyer. Do you export goods from the Netherlands to entrepreneurs in EU countries other than the Netherlands?

We call this as an intra-Community supply. This represents an intra-Community acquisition for the purchaser of the goods in the EU country to which the goods are. This export price estimator provides you with a fixed structure for calculating the sale price of your products in international markets under the desired commercial term. Under CIF rules, the seller is in charge of organising and funding the products' transportation to the target port, including securing the bare minimum. Germany, the US and Belgium were the main suppliers of Dutch goods imports in 2023.
