

# Constant Temperature Digital Display Distribution Box

## Overview

The KTSF 1 BD control box offers a comprehensive and user-friendly solution for controlling and monitoring heating mats. The combination of modern touchscreen operation, robust design and complete wiring makes it an ideal choice for demanding applications. Technical details: Basic Info. PTC heater industrial constant temperature distribution box control cabinet body dehumidification with fan - Buy PTC Cabinet heater Industrial thermostat Distribution box controller Cabinet heater with fan Product on LINKWELL ELECTRIC (SHANGHAI) CO. Aluminum alloy cabinet heater temperature. The digital display PID temperature controller has functions such as timing, over-temperature alarm indication, temperature deviation correction, and temperature self-tuning control. The shell is processed and formed with high-quality cold plates treated with spraying technology. The stainless. Supplier highlights: This supplier is both a manufacturer and trader, exporting mainly to the United States, Philippines, and Peru. Customer satisfaction stands at 90. 50-300°C or more Accuracy:  $\pm 1^{\circ}\text{C}$  or better Heater: Min. 2 groups Perspective window to look inside Working voltage: AC220V Inner Size: Min.
