

Custom-made high-voltage complete sets of equipment

Overview

This solution covers a complete set of power equipment from low-voltage distribution cabinets, high-voltage switchgear to transformers, automation control systems, etc., aiming to provide comprehensive and customized power solutions for various users. Add to inquiry basket to compare. JIANGSU GREEN BIO-ENVIRONMENTAL PROTECTION TECHNOLOGY CO. This kind of product is a set of power distribution device, which is assembled. As a well-known supplier of high and low voltage equipment in China, Kexun's KYN28-12 (GZS1) High Voltage Complete Set (hereinafter referred to as switch cabinet) is a three-phase AC 50Hz indoor complete distribution device, which is used to receive and distribute 3-12kV network power and to. Our high and low voltage complete electrical equipment solutions are designed based on a deep understanding of the current development trends in the power industry and accurate predictions of future power demand. We specialize in the production of switching stations, main ring units, high/low-voltage switchgear cabinets, three phase load control devices, pole mounted circuit breakers, cabinet type transformer. Founded in 2009, Kampa specializes in the production of transformers, instrument transformers, and vacuum circuit breakers, providing OEM and ODM customized solutions for global power transmission and distribution projects.
