

## Dellb5300 Fiber Optic Switch

### Overview

The DS-5300B switch is designed for rapidly growing storage requirements in mission-critical environments-combining 4 and 8 Gb/s Fibre Channel technology in configurations of 48,64,80 ports in an efficiently designed 2U package. The EMC Connectrix DS-5300B offers best-in-class port density and scalability for midrange enterprise SAN switches along with redundant, hot-pluggable components and non-disruptive software upgrades. As the value and volume of business data continue to rise, organizations need technology solutions. The Brocade 5300 Switch is an 80-port, high-density 2U building block for small and medium-sized SAN consolidation and for the core and edge of enterprise fabrics. Fiber optic switches outpace traditional copper switches, leveraging the speed and efficiency of fiber optic signals. They find widespread use in businesses where seamless switching between. Looking for fiber channel switches for high-speed connectivity in data centers?

Choose from top brands like Cisco®, Brocade®, Dell®, HP® and Juniper® for reliable data storage and retrieval. Expected in-stock date for this item is between 7-9 days. Item will ship once it is in stock.
