

How much does a 48-core optical cable cost from the manufacturer

Overview

Currently, the average 48 core fiber cable price ranges from \$0.50 per meter for standard single-mode outdoor cables, depending on specifications and volume orders. Indoor cables with tighter bend radii and fire-retardant jackets may cost slightly more. Get Price Starting custom your ideal cable size by E-mail: sales@huadongcablegroup.com. It consists of lightning protection and high-speed optical communication capabilities within a single unit. Single-mode fiber costs less per foot than multimode fiber, but it requires more. 48 Fiber Fiber Optic Cables are available at Mouser Electronics. Hongan group has invested \$35 million and imported 22 sets advanced production lines of photoelectric communication cable and matched monitoring and control equipments and instruments, which imported from the United States, Japan and European Unions. Production capacity is 6 million pair. A 48-core cable isn't exactly double the price of a 24-core cable, because the manufacturing process (extrusion) costs remain similar.
