

How to hide your home network cabinet

Overview

Tuck the modem and router inside a cabinet to keep it totally hidden. If you're going to place the modem and router in a confined space, you need. In this article, we'll explore 10 unique and creative ways to hide your router without blocking signals, allowing you to enjoy seamless internet connectivity while keeping your living space clutter-free. Conceal Within a Bookshelf Image by rawpixel. These essential gadgets, while necessary for modern living, typically feature blinking lights and unsightly antennas that disrupt visual harmony. Most homeowners face this common dilemma when trying to. How to hide it?

Hiding a wi-fi router most of us go traditional way: put it into a pantry, a walk-in closet or some other not very often visited space. But what if you have very thick wall and the signal is blocked or too weak?

What if you have a very large home and the signal doesn't come where. These blinking boxes can be a nuisance to integrate into home decor, especially since you don't get to choose where they go and are limited to wherever your cable line enters your building.
