

Jordan spot optical fiber cable 8 cores

Overview

High-quality LC-LC OM3 multi-mode breakout installation cable for indoor (inside buildings). Black protection jacket with flexible and extremely tear-resistant pulling aid of nylon material on both ends. 1mm (main cord) Material Stainless Steel Color Silvery White UL94 V-0 (*Burning stops within 10 seconds on a vertical specimen, no drips of flaming particles.) *Exact product code is subject to the cable length. Techline offers a complete range of Fiber optic passive equipment ranging from FDT, joint closures, enclosure boxes, distribution boxes and frames, and indoor/outdoor fiber cables. This cable has an 8-core structure that allows data transmission over long distances without loss. It is characterized by a narrow core, about 8 to 10 microns in diameter. The tubes (and fillers) are stranded around the central strength member to form a cable core. Reliable electro-mechanical and security solutions in Jordan.
