

Q235 distribution box

Overview

This Q235 steel enclosure features IP66 waterproof protection and meets standard electrical junction box requirements. Electrical distribution boxes serve as core equipment in power. Q235 Industrial Distribution Enclosure Box, multitude of Steel Cabinet factories, wholesalers, distributors & traders. Get Latest Price / trusted supplier ListShanghai Keyi metal products Co. is a comprehensive enterprise integrating the processing, design, manufacture and installation of stainless steel products, iron products, aluminum products, copper products, welding machine case, transformer accessories and insulating materials. By integrating components such as circuit breakers and fuses, they ensure safe power supply and overload. This electronic junction box is made of high-quality ABS material designed to be assembled with various electrical components according to different control function requirement. Our company's mission statement is to continuously develop new Consumer Units Electrical, electric distribution.
