

Swedish Industrial Wireless Optical Modules

Overview

FLIR Systems AB (Teledyne FLIR) - Produces thermal cameras that detect heat, used in defense, industry, and rescue. Magna Electronics Sweden AB - Creates automotive safety systems such as. We deliver lab-tested, vendor-compatible transceivers with European support, global delivery, and no OEM markup. Swedish Telecom Opto is built for scale — not single-click sales. We work with mid to large organizations, supporting. + LASER COMPONENTS Nordic is your partner for detectors, emitters, fiber optics, and optics. The applications for laser optics and optoelectronics are as diverse as the technologies themselves: Sensor technology, range finding, biotechnology with environmental and life science, aerospace & defense. NorthLab is a Gold Sponsor of OPD 2026, held in Jyväskylä, Finland - the largest yearly Photonics event in the Nordics. At NorthLab Photonics, we are pioneers in advanced fiber optic solutions, delivering unmatched precision and reliability. With over a. Kista, Sweden - April 15, 2026 - Sivers Semiconductors AB (STO:SIVE), a global leader in photonics and wireless technologies, today announced a collaboration with Jabil, a global engineering, supply chain, and manufacturing solutions provider. u-blox solutions enable people, vehicles and machines to locate their exact position and communicate wirelessly over cellular and short range. Components, Modules, EMC, Immunity, Emissions, Empower RF Systems, IMS, IW, GaN, EM, transistors, 5GmmWave and PA's.

Article Content

Semtech Announces FiberEdge Solutions for Optical

Additionally, both the GN1300 and GN1400 enable industrial temperature range operation for use in optical modules for 5G wireless base

OPTICS & PHOTONICS IN SWEDEN

PhotonicSweden is the Swedish national platform for optics and photonics. Here we gather members from throughout Sweden and Europe, and we act as enablers, catalysts and drivers in the

SCALANCE

SCALANCE S Firewall and VPN Appliances protect industrial networks and automation systems by segmenting the network and establishing secure

CCC Solutions AB, Stockholm, Sweden

RF/MW components and modules, EMC solutions (Chambers, Absorbers, Ferrites and test equipment), Frequency control and timing solutions, and Fiber Optics.,

Cutting-Edge Fiber Optic Solutions | NorthLab Photonics

Explore advanced fiber optic tools, custom assemblies, and expert support from NorthLab Photonics—your global partner in precision photonics innovation.

HMS, Sweden

For their industrial customers, HMS needed a solution offering wireless access to machines and cabinets via Wireless LAN (WLAN) / Wi-Fi, Bluetooth and/or Bluetooth low energy (BLE).

Top 92 Photonics Companies in Sweden (2026) | ensun

This industry faces challenges such as high competition and the need for continuous technological advancement, but it also offers significant opportunities in sectors like telecommunications,

Top Optical Communication Companies In Sweden In 2026

Optical communication companies in Sweden are leading providers of advanced optical network solutions for telecommunications, data center, and enterprise networks. These companies offer a

Top 28 Optical Communication Systems Companies

Explore the top optical communication systems companies, including Acacia and Source Photonics, leading advancements in connectivity solutions.

Sivers Semiconductors Collaborates With Jabil on Energy Efficient

Through this collaboration, Jabil plans to develop a 1.6T linear receive optical (LRO) transceiver module using Sivers' high-performance Distributed Feedback (DFB) lasers.

Industrial Wireless | Phoenix Contact

Industrial Wireless enables secure and reliable wireless connections for industrial applications. Depending on requirements, use IWLAN or Bluetooth for real-time

A Guide to the Swedish 5G, Fiber, and IoT Connectivity Market

Sweden has long been recognized as one of the most digitally advanced countries in the world. From early mobile adoption in the 1990s to today's leadership in 5G, fiber optics, and Internet of Things

Empowering Photonics Innovation | NorthLab Photonics

NorthLab Photonics AB, based in Stockholm, Sweden, specializes in the distribution and development of advanced fiber optic tools and

Cutting-Edge Fiber Optic Solutions | NorthLab Photonics

We provide custom fiber optic assemblies for a variety of applications, including fused fiber bundles, optical combiners, and mode field adapters. Equip your team with expert training in fiber preparation,

Swedish Microwave | Fiber optic cables

The Swedish Microwave fiber cables are made as ruggedized cables with narrow bend radius and very good performance to fit together with all our RF over Fiber

Top 5 Industrial IoT Solutions Providers in Sweden

Sweden is advancing the future of connected industry. Explore the top 5 providers of Industrial IoT platforms and services, known for innovative technology, robust security, and seamless

Optical Solutions & Modules

The Cisco 10GBASE SFP+ Modules offer exactly that. Features include the smallest 10G form factor module, compatible with 10GBASE Ethernet and OTU2/OTU2e, gives the flexibility of interface

Top 15: Swedish electronics manufacturing – the

Sweden's largest providers of electronics manufacturing services (EMS) dominate the domestic market. A review of their 2023 financials reveals an

Optical Transceivers | Coherent

Get the pluggable module performance you need from the manufacturer of choice for all major networking equipment vendors worldwide.

Sweden's optical science & photonics infrastructure

These suppliers form an essential link between Sweden's photonics research and industrial innovation, ensuring local access to world-class components and equipment.

Optical Transceivers: High-Performance Modules for

Power your network with Innoptical's high-performance optical transceivers. From low data rates to 800GB, we have compatible, energy-efficient modules tested

High-Speed Opto Modules

Discover high-performance Opto Modules for reliable and fast data transmission. Explore our range of optical transceivers designed for seamless communication NS - EN.

Ericsson

Ericsson was saved from bankruptcy and closure with the help of banks including Stockholms Enskilda Bank (now Skandinaviska Enskilda Banken) and other

35 companies for Fiber Optic Cable Manufacturing in Sweden

Nexans is a prominent cable manufacturer in Sweden that specializes in high-quality fiber optic cables designed for data and telecommunications as well as industrial applications.

Cisco Optics | Transform Your Network

Get the highest quality, performance-leading optical transceivers for any network architecture. Find the transceiver model to fit your network.

Fiber optics possibilities for Swedish companies

It may not be visible to the eye, but Sweden's fiber optics infrastructure is one of the corner stones of our society. It has created the foundation for our
