

UAE Large Micro-Modular Data Center

Overview

Supermicro and EHC Investment partner to build Sovereign AI Modular Data Centers (MDCs) in the UAE. Supermicro's modular DCBBS architecture and AI-optimized solutions will be combined with EHC's regional expertise to accelerate deployment of high-performance, energy-efficient. Huawei FusionDC1000B is a next generation, prefabricated smart modular data center — awarded the world's first "Uptime Tier IV Ready" certification — integrating power, cooling, rack and cabling, and management systems. Huawei SmartLi UPS is a Li-ion battery power system designed for data centers. Driven by large-scale upcoming data center projects such as Microsoft & G42's data center expansion, du and Microsoft's hyperscale facility, Stargate UAE, the country is boosting its digital infrastructure. Moro Hub, a Digital Dubai Electricity and Water Authority (DEWA) company, established its Green Data Center, powered by Intel® technology, to meet this multi-pronged demand. This data center has become an especially popular choice for hyperscalers and Tier 1 cloud players. A compound annual growth rate of 18.9% is expected of the UAE modular data center market from 2025 to 2030. 7 million in. As one of the pioneers in modular data centers, we are dedicated to exploring innovative solutions to provide more energy-efficient, economical, and flexible configurations that better match your current and future needs.

Supermicro, EHC to build sovereign AI data centres in UAE

Supermicro and EHC Investment partner to build Sovereign AI Modular Data Centers (MDCs) in the UAE. Supermicro's modular DCBBS architecture and AI-optimized solutions will be

Latest List of Top 7 Data Center Projects in UAE 2026

List of upcoming data center projects in the UAE for 2026, featuring Microsoft, G42, du, Stargate UAE, Alibaba Cloud, and Equinix expansions.

Intel and e& UAE Collaborate on Sustainable Modular Data Centers

The collaboration between Intel and e& UAE focuses on developing a sustainable modular data center blueprint that incorporates renewable fuels, liquid cooling, and efficient power

The Intelligent Micro Module, the Element of Intelligent

The Intelligent Micro Module can provide simultaneous, efficient operations in order to provide the best green data center, the best asset management, and optimum

Supermicro, EHC to build sovereign AI data centres in UAE

Supermicro and EHC Investment have announced a strategic partnership to advance the development and deployment of Sovereign AI Modular Data Centers (MDCs) in the UAE, leveraging...

The UAE Modular Data Center Market Size & Outlook,

This country databook contains high-level insights into UAE modular data center market from 2018 to 2030, including revenue numbers, major trends, and

Modular Data Centers: When They Work, and When

Modular data centers offer fresh opportunities for the industry, but that doesn't mean they are right for every occasion.

Micro Data Centers: A Practical Guide for Small IT Teams

Learn what a micro data center is, why it may suit your business, and how to build one without the cost and complexity of a full-scale facility.

Intel and e& UAE Collaborate on Sustainable Modular Data Centers

Intel and e& UAE have developed a blueprint for the service provider's first sustainable modular data center that uses renewable fuels, liquid cooling and CPU efficiency, and power management

Dubai Commits \$545M with Microsoft to Build

Dubai Crown Prince announces \$544.5 million du-Microsoft partnership to build hyperscale data center, positioning Dubai as Middle East's AI

Moro Builds the MEA Largest Tier III Sustainable Data Center ...

Huawei FusionDC1000B is a next generation, prefabricated smart modular data center. Huawei SmartLi UPS is a Li-ion battery power

Dubai Airports and Huawei to build world's first Tier 3 designed ...

Dubai Airports will partner with Huawei to design and build the world's first Tier III certified Modular Data Centre Complex (MDCC) at Dubai International (DXB), it was announced today.

Moro Builds the MEA Largest Tier III Sustainable Data

Powered by Huawei's breakthrough technology, it is the largest Data Centre to use 100 per cent renewable energy, helping us to take part in fortifying the UAE's

Moro Hub Case Study

Moro Hub, a Digital Dubai Electricity and Water Authority (DEWA) company, established its Green Data Center, powered by Intel® technology, to meet this multi-pronged demand. This data center has

Micro Data Centers: What Are They? and Why Use Them?

Micro data centers (MDC) are small, modular solutions built for edge computing, providing mini yet efficient compute and

The UAE Modular Data Center Market Size & Outlook,

The modular data center market in the UAE is expected to reach a projected revenue of US\$ 866.7 million by 2030. A compound annual growth rate of 18.9% is

UAE Modular Data Center Market | 2019 - 2030 | Ken Research

The UAE Modular Data Center Market is poised for robust growth, projected to reach \$2.5 billion by 2030 at a CAGR of 15.2%, driven by increasing cloud services demand, government

Outdoor Shelter Modular Data Center Solution in Dubai

Continual Innovation - Continuous Optimization From the 5G era, the demand for mixed deployments of DC and AC power devices presents new challenges for the

Modular Data Centers: Prefabricated Containers and

Modular data centers are pre-engineered, prefabricated, and standardized buildings, equipped with power and cooling, that house servers and

Modular Data Center Guide: Types & When It Wins | ModulEdge

Modular data centers: 5 form factors, what's inside, economics, and when prefabricated wins over traditional builds for 30 kW–8 MW workloads.

Containment Modular Data Center Solution in Dubai & UAE

Containment Modular Data Center Solution in Dubai & UAE The one-stop solution for sustainable digital efficiency and protection. Fully integration with smart

Container Micro Data Center Solution in Dubai & UAE

We offer a containerized micro data center solution called AgileCub 2.0. These self-contained IT units are built within shipping containers for fast deployment, easy

What Is a Micro Data Center?

Prefabricated modular data centers: Prefabricated modular data centers are typically larger, stand-alone installations deployed outside of main

Smart Micro Modular Data Center Solutions

Discover Smart Micro Modular Data Center Solutions with One Row One DC, delivering integrated power and cooling, flexible scalability, and reliable

UAE Modular Data Center Market Size, Share, Trends

UAE Modular Data Center Market Size And Forecast UAE Modular Data Center Market size was valued at USD 300.7 Million in 2024 and is projected to reach

What Are Micro Data Centers and Why Are They Crucial

In this guide of gbc engineers, we'll explore the fundamentals of micro data centers, their components, benefits.

Modular Data Centers: An Ideal Solution for Digital Growth in the ...

There are several types of modular datacenters. These can vary in size from large, manufactured units and shipping containers to smaller micro datacenters or integrated racks. Existing facilities or

Data Centre | UAE Modular Solution | Maxi Space

Bespoke modular data centre concept for the Middle East, providing a flexible, modern space for technical equipment to run in the hot climate.

Modular Data Center Market Size | Industry Report, 2030

North America modular data center industry held the major share of 41.0% in 2024. The U.S. is expected to grow significantly from 2025 to 2030. By component, the
